Bargain Economy Store

CHAPMAN, MAIL
ROBBER, KILLS
A POLICEMAN
Convict Shoots Pa-
trolman Who Comes
Upon Him Attempting
Store Burglary.

to the Post-Dispatch.
NEW BRITAIN, Conn., Oct. 3.—
Chapman, escaped Atlanta
prisoner, convicted leader of
a band that robbed a mail truck
of \$134,000 at Broadway and
Fourth street, New York City,
two years ago, is being hunted
throughout the East as the mur-
derer of Patrolman James Skelly,
Boston policeman, who was shot to
death yesterday morning when pre-
serving the daylight burglary of
the Britain's largest store.
Walter E. Shean, member of one
of the prominent families of Spring-
field, Mass., is under arrest as
Chapman's accomplice in the mur-
der and attempted burglary.
Chapman was shot by Skelly when
he was from Shean police got
first information that it was
Chapman who, surprised at work
in a battery of safes in the office of
Lewenthal's depart-
ment store on Main street, fled un-
der cover of a barrage of pistol
shots that left Patrolman Skelly
fatally wounded on the floor and
his two police companions to
later before they could fire in
return.
Following this lead they learned
that a week ago police of Spring-
field were "tipped off" that Chap-
man, one of the most desperate
relative criminals in record, was
that city. They learned, too,
that F. J. Johnson, a stable man
who saw the burglars at work and
assisted the murderer's flight and
Patrolman Atwater and
Lampshire, Skelly's companions,
the pictures of Chapman on po-
lice and Government handbills were
the fugitive's likenesses of the fu-
gitive.

Alarm Given to Police.
Johnson, employed in a livery
house in the alley in the rear of
the department store, telephoned
the headquarters shortly after 7
o'clock that he had just heard an
explosion in the store's office and
saw men inside the building.
Five patrolmen answered the
alarm. Skelly, Atwater and Lamp-
shire headed for the rear entrance,
while the others approached the
front door. These two were just
about to see a man run from the
store to an automobile parked
near the corner on Church
street. They caught him without a
struggle. Meanwhile the three po-
lice men had entered the rear of the
store and seen a figure moving in
the shadows of the mezzanine floor
near the office desks and five
men. Calling to him to surrender,
he started up the short iron
stairs. Atwater in the lead. A hall
bullet was his reply. Duck-
ing, Atwater found safety behind
a partition, but Skelly fell with
a bullet through his stomach. Lamp-
shire fell back, tugging at his own
gun.

Handling the body of his victim,
burglar ran to the front door
and the policeman had left un-
der cover of the shot. Skelly's
body was drawn into the street
and his body was left on the
sidewalk. That was the last seen of
Chapman. Three miles from here, that he
had been seen on a trolley car an
hour or so later was correct.

Prisoner Identified Fugitive.
He died on the operation table
at a New Britain Hospital. At
quarters the prisoner de-
scribed himself as "William Clark,
137 West Seventy-second street,
New York," but when inquiry
was made such address, he changed
his story.
He told us he was Walter Shean
the Cooley Hotel, Springfield.
The Chief Hart said, "and that
name is Charles T. Shean,
owner of the Cooley and the Kim-
berly, Springfield's largest hotel. He
met Chapman in that city
summer, but that this was the
man they attempted. Johnson
identified the murderer
Chapman, and the other police-
men were quite positive. From
his story I am convinced it
is the mail robber."

Springfield it was reported
that there had been asked to
look for Walter R. Miller, also a
member of the Cooley Hotel in
the name the automobile used
in the burglary was registered. The
police were said to be looking for a
man who is believed to have ac-
companied the burglars on their
trip but who fled before the

Chapman's sensational
escape from Atlanta, March 27,
after service of less than six
months of a 25-year sentence for
New York mail robbery, his
escape a few days later after a
year in a prison and his suc-
cessful flight April 4, 1923, from a hos-
pital at Athens, Ga., he has been
hunted in various parts of this
country and Europe.

According to Springfield police
man Shean, who is 35 years old,
was a fugitive some time ago of a
charge of possessing \$12,000 in
gold stolen from a bank in Wy-
ndham, Pa.

Arthur MacLaren Dies.
St. Louis, Mo., Oct. 13.—Dr.
Arthur MacLaren, 66 years old,
of surgery at the Uni-
versity of Minnesota, and a fellow
of the American College of Sur-
geons, died here yesterday.

that two men stepped from an
automobile near Broadway and
snatched his car at 10:30 p. m. yester-
day and robbed him of \$48.

ACOUSTICON
DEMONSTRATION
FOR THE
DEAF

Would you give five minutes of
your time to let us demonstrate
that we can make you hear both
from far and near? A rare opportunity
now presents itself.

EXPERT ADVICE
The Acousticon Co.'s expert
hearing technician, Mr. Harman
of New York City, will be here
demonstrating in our store, at
130 Olive St., on Oct. 14th, 18th,
25th and 27th.

10 DAYS' FREE TRIAL
NO OBLIGATION
You may have the benefit of a
ten days' free trial in your own
home, with nothing to pay down,
and no obligation to buy, just to
know what the Acousticon can
do for you. If you decide to
keep it, also the liberal terms
plan allows you to use it while
waiting for it.

Former Office Closed
The former office of the Acousticon
Co. in the Syndicate Trust
Building has been closed. The
new office and sales headquarters
will be permanently located
in our store, and only here can
you obtain Acousticon batteries,
hears and repairs.

LA FOLLETTE EXTENDS WESTERN ITINERARY

Will Go From St. Louis to Des
Moines, Minneapolis, Sioux
Falls and Omaha.

By PAUL Y. ANDERSON,
A Staff Correspondent of the Post-
Dispatch.
CHICAGO, Oct. 12.—The itiner-
ary of Senator La Follette's cam-
paign tour will be extended fur-
ther into the Middle West, and may
reach the Pacific Coast, it was an-
nounced last night. Previously it
had been worked out only as far
as St. Louis.

Following his appearance there
Tuesday night, the Senator will
speak the following night in Des
Moines, Ia., Thursday night in Min-
neapolis, Friday night in Sioux
Falls, S. D., and the following Mon-
day night in Omaha, Neb.

This means one thing for a cer-
tainty, namely, that the Senator's
health is withstanding the strain
of the campaign well. It probably
means in addition that he has been
encouraged by the reception which
he has received. Before departing
for Kansas City last night, he gave
out the following statement:

"I am now going into the agri-
cultural states of the great Middle
West. While there I shall meet
the farmers face to face and talk
to them about the crisis in their
affairs that has all but over-
whelmed them.

"Republican and Democratic op-
timism about these states, based
upon increase in the prices of farm
products, is ill founded. While in
Chicago, I have been in touch with
reliable experts on farm conditions.
My information is that the recent
small advance in prices for farm
products has been of little benefit
to the farmer.

"The farmers have not been the
only ones hard hit by the great agri-
cultural depression.

"During the last four years 1457
state and national banks in the far-
ming district have failed with to-
tal liabilities of more than half a
billion dollars. Merchants and
manufacturers who sell to the West
have also suffered heavy losses,
and yet all that President Coolidge
proposes is to create a special com-
mission" to conduct a postmortem.

"The progressives do not believe
any more investigations are neces-
sary. They have a definite pro-
gram for the relief of agriculture.
They intend to renew their fight
for this program as soon as Con-
gress meets.

"I believe that the principle of
agricultural equality which under-
lies the Norris-Sinclair, and the
McNary-Haughen bills is one which
will appeal to the sense of justice
of the entire nation. I believe,
however, that both these bills re-
quire amendment to make certain
that their benefits do not go to
special interests, but are enjoyed by
the farmers.

NEGRO SHOTS ANOTHER IN QUARREL OVER DOLLAR

Shooting at Residence Follows Demand for Payment of Money.

Lee Langer, 27 years old, of 2723 Laclede avenue, a negro, was shot

and killed in the home of Mrs. Mattie Walker, 2623 Bernard street, last night in a quarrel over \$1 with another negro to whom Langer had loaned the money a week ago. Langer had demanded payment when the other negro followed him into the house and shot him. The assailant escaped.

Spain Observes Columbus Day.

By the Associated Press.

MADRID, Oct. 12.—Columbus day was celebrated through Spain yesterday. Here and in Barcelona, the ceremonies were particularly brilliant. In most places meetings were held at which speeches were delivered commemorating the day

and wreaths were deposited on Columbus' monuments.

By the Associated Press.

NEW YORK, Oct. 12.—Mary Roberts Rinehart, novelist, will direct the campaign of \$50,000 Girl Scouts of America to raise \$501,000 for a building and budget fund. Mrs. Herbert Hoover, president of the organization, announced yesterday. The scouts intend to raise the money by the sale of 50,103 building bricks at \$10 each.

Models as ultra-extravagant as could be desired for street, afternoon and evening wear—of elegant silk or wool weaves and revealing the latest notes. Wide choice for fastidious women and misses.

PART TWO.

AWES ASLEEP
DURING HIS BRIEF
STOP IN ST. LOUIS

O. P. Delegation, Headed
by Senator Spencer, Was
on Hand to Greet Him at
Union Station.

WANT NOMINEE TO
MAKE SPEECH HERE

Likely to Be Placed on
Itinerary After Oct. 20—
Speaks Tonight in Louis-
ville.

Charles G. Dawes' Republican
presidential campaign, was
when his special train ar-
rived at Union Station at 9:45 last
night, and, therefore, didn't greet
delegation of Missouri Republicans
headed by United States
Senator Selden P. Spencer, who
was on hand to welcome him. The
train remained at Union
Station for nearly two hours, de-
parting at 11:30 for Louisville, Ky.
Dawes is to address a meet-
ing tonight.

Francis J. Kilkenny, personal
campaign manager for Dawes, and
local delegation, and led them
to the drawing room of the Dawes
state car. Kilkenny told Sen-
ator Spencer that Dawes did not
expect anyone to meet him here,
therefore, retired, as his tour
last week had tired him and
was a hard schedule ahead. Sen-
ator Spencer told Kilkenny not to
rush the candidate under those
circumstances.

Confidence is keynote.
The local delegation remained in
Dawes car for some time, its
members giving Kilkenny and
other members of the Dawes party
information concerning the situa-
tion in Missouri.

Accompanying Senator Spencer,
were others, were Dr. E. B. Clem-
ent, Republican National Commit-
tee member for Missouri; Louis J.
Baker, chairman of the Republi-
can City Committee; William F.
Baker, Republican State Chairman,
Martin Scherer, member of the
Republican City Committee.
Report that St. Louis be an-
nounced an early date on the
itinerary of Dawes was
by the delegation.

Liberty to speak here.
Delegations have been given by
Republican National Commit-
tee speakers' bureau that Mr.
Dawes would speak in St. Louis
on his Eastern trip that is to
be Oct. 20 and last about a
week. An address here was origi-
nally included on the present tour
of Dawes, but inability to ob-
tain hall and other physical dif-
ficulties forced abandonment of the
plan.

Dawes spoke at Wichita, Kan.,
Friday night. The past week
with the heaviest Dawes has had
he begun his speaking cam-
paign, he having traveled as far
as Duluth, Minn., as far west
Chicago, Wyo., and as far south
Wichita, as he was, possibly, to
be by the end of seven days.
which his itinerary called
Consequently he was glad to
take himself of complete rest as
train made a slow run from
Wichita to St. Louis.

BUDDHIST MONKS HELD
FOR ATTACK ON AMERICANS

The Associated Press.
HONGKONG, Dec. 12.—At
least 10 Buddhist monks and a lay-
man have been arrested in con-
nection with the attack last Wed-
nesday night on Prof. and Mrs.
James, American missionaries,
located at Judson College here.
The missionaries have been iden-
tified by witnesses of the attack as
being of a mob of Buddhist
monks, who pelted them with
stones and other missiles, and
were taken to a hospital for treat-
ment. In all 12 persons have been
arrested.

Washing from Misses Hughes.
The Post-Dispatch, Oct. 12.—At
least 10 Buddhist monks and a lay-
man have been arrested in con-
nection with the attack last Wed-
nesday night on Prof. and Mrs.
James, American missionaries,
located at Judson College here.
The missionaries have been iden-
tified by witnesses of the attack as

ment. In all 12 persons have been
arrested.

**WIDOW OF BARON DECIES
SAID TO LIVE IN POVERTY**

Sister-in-Law of Vivien Gould

**Husband Has Meager Income
from Village Store.**
By the Associated Press.
LONDON, Oct. 13.—Lady Maria
Gertrude Decles, widow of the
fourth Baron Decles, and sister-in-

law of the present Baron, who married Helen Vivien Gould, is said

by the Daily Mirror to be living in poverty, making an insufficient

livelihood by keeping a small village store near East Grinstead.

She is quoted as saying that she has not a penny except what she makes in her shop and that she is

some times hungry owing to the smallness of her income. She de-

clares she lost all her money in helping another and that she would

be grateful to any one providing her with remunerative employ-

NEW RECLAMATION PROJECTS

NEW RECLAMATION PROJECTS

SPEAKERS BEGIN FINAL PLAZA SITE CAMPAIGN

Addresses to Be Made Almost Daily in Favor of Twelfth Boulevard Location.

Addresses will be made almost daily, in the three weeks remaining before the election, by speakers assigned by the Plaza Court-house Committee, and favoring the upholding of the ordinance locating the new Courthouse on the Twelfth boulevard plaza, on which ordinance a referendum vote is to be taken.

At the Advertising Club luncheon in the City Club auditorium tomorrow, former Judge Charles W. Rutledge will speak for the plaza site, and Oliver T. Remmers will speak in behalf of a Broadway site, favored by the opponents of the plaza measure. The members of the Associated Retailers have been invited to attend.

Cost Important Issue.

One of the most important issues raised in the site discussion is that of the cost of the new courthouse. The bond issue provides \$4,000,000 for a new courthouse, and if another site than the plaza were chosen, a considerable part of the \$4,000,000 would have to be paid for a site. On this matter, Circuit Judge John W. Calhoun, in a recent speech, said: "The Circuit Judges have studied this proposition carefully, have visited the courthouses in other cities and have obtained the opinions of the best architects. A building to meet the needs, although of the simplest architectural construction, would cost not less than \$4,000,000. If the downtown site is selected and the city has to buy the ground at a cost of about \$1,500,000, that will leave only \$2,500,000 for the building. This would necessitate another bond issue."

"The public does not realize how badly the city needs a new courthouse. Provision must be made for 25 courtrooms to provide for the future and to handle all the business of the courts. I do not believe any citizen wants a \$2,500,000 courthouse."

Fledges were made during the bond issue campaign that all the public buildings would be grouped around the plaza. Mayor Kiel now is supporting the downtown location although during the bond-issue campaign he made speeches telling of the great grouping plan around the plaza.

The North St. Louis Business Men's Association has joined the list of organizations approving the plaza location, and contributed \$100 to the plaza fund. The association also is concerned as to locations of playgrounds to be created with bond-issue money. It urges that the North Side should receive as great facilities as the South Side. Another civic question under consideration by the committee is the need of a viaduct in Fenwick Park to carry Knapsham way on to the north and aid in development of Harney Heights, Walnut Park and Baden. There is a cutoff extension of this thoroughfare at West Florissant avenue.

The Plaza Courthouse Committee today opened headquarters at 224 Prince Building, with John S. Fette in charge as executive secretary.

TERMINAL RAILROAD WINS COURT RULING

Supreme Tribunal Holds I. C. C. Should First Pass on Basis of Through Rates.

By the Associated Press. WASHINGTON, Oct. 12.—Western railroads lost in the Supreme Court today their fight to compel the Terminal Railroad Association at St. Louis to reroute its bars of division of through rates.

The four complaining Western railroads had contended that although some of them had proprietary interests in the Terminal Association, the Eastern railroads were given material advantages over them in the matter of terminal charges.

The Terminal Association was held by the Supreme Court not to be in contempt, as charged, because of failure to carry into effect the mandate of that court issued in the case in which it was found to be a combination in violation of the antitrust law.

Operated Under Mandate. After the Terminal Association had been adjudged to exist in violation of the antitrust law, it was permitted to operate under a mandate which provided that it should handle all traffic on equal terms. It was alleged that through a combination on the board of directors, the Eastern railroads have compelled the Western lines to pay transfer charges on both east and westbound traffic, while the Eastern lines have not been required to pay reasonable transfer charges on westbound through freight. The four Western railroads asserted that notwithstanding the promises of the Terminal Association to comply with the mandate of the court they were required to pay four-fifths of the operating expenses of the Terminal Association.

The complaining lines were the Missouri Pacific, Frisco, Missouri-Kansas-Texas and Rock Island.

The substance of the court's opinion was that questions relating to the reasonableness of charges and the division of rates should be submitted in the first instance to the Interstate Commerce Commission, because the questions were legislative and not judicial. In advance of action by the commission, the court refused to go into the merits of the controversy.

Previous Decision Reversed by Appeals Court Here.

A decision was rendered in St. Louis in February, 1932, by Judges Lewis and Sanborn, of the United States Circuit Court of Appeals, directing the Eastern lines to make restitution to the four Western lines, which were plaintiffs in the proceeding, for charges paid by the Western lines to the Terminal Association on through-freight traffic across the Mississippi River here. The rate controversy related to the division of through charges, and was of concern only to the railroads involved, and not to the shippers, who must pay the same through charges in any case. The amount of collections involved in the restitution order has been estimated variously by lawyers from \$2,500,000 to \$10,000,000. The contempt charge was based on the decrees of the United States Supreme Court, directing that the Terminal Association be operated in such a manner as to afford its facilities to all lines on the same basis. At one stage of the proceedings, the Western lines asked the appointment of a receiver for the Terminal, but this receivership feature appeared to have been dropped in the later discussion.

STATE BOARD OF HEALTH REVOKES DR. ADcox's LICENSE

Physician Cannot Practice Medicine Because of Connection in "Diploma Mill" Case.

Dr. Robert Adcox, who is under bond on an appeal from a two-year penitentiary sentence imposed in Circuit Court here for bribing a county school superintendent in the "diploma mill" scandal, today lost his own license to practice medicine through action of the State Board of Health, meeting in St. Louis.

Dr. Emmett North, chairman of the board, announced after an executive session that Dr. Adcox's license had been revoked upon the showing of testimony in the bribery case. Assistant Attorney-General Carruthers had argued that conviction was sufficient to show Dr. Adcox was untrustworthy in the profession. Dr. Adcox's attorney maintained that the decision of the Supreme Court was necessary to show that.

GIRL, 4, FATALLY BURNED WHEN DRESS CATCHES FIRE

Mother of Granite City Child Suffers Burns—Abduct Hands Trying to Put Out Flames.

Mildred Schulz, 4, daughter of John and Emma Schulz, 2350 State street, Granite City, was fatally burned at 4 p. m. yesterday, and died at 1 a. m. today at St. Elizabeth's Hospital. Her mother, Mrs. Emma Schulz, who had left the child alone in the yard a few minutes before, believes the little girl found a match and accidentally set fire to her clothing. Mrs. Schulz was badly burned about the hands in attempting to extinguish the flames. She, also, was taken to St. Elizabeth's Hospital. The child's body is at the Mercer Morgue, Granite City. An inquest will be held.

\$2,500,000 to \$10,000,000. The contempt charge was based on the decrees of the United States Supreme Court, directing that the Terminal Association be operated in such a manner as to afford its facilities to all lines on the same basis. At one stage of the proceedings, the Western lines asked the appointment of a receiver for the Terminal, but this receivership feature appeared to have been dropped in the later discussion.

Most of the affidavits are those of court stenographers who swear to variations between testimony of State's witnesses at the trial and at previous hearings. In the affidavits, McElhannon seeks to substantiate his charges that the prosecution was "framed" to further the political ambitions and hide the negligence of officials interested in the prosecution.

Girl Overcome by Gas.

Marie Bregan, 15 years old, a maid in the home of Arthur Miller, 4522 Maryland avenue, was found unconscious in her room there at 7 a. m. today. A gas jet in the room was turned on but not lighted. She was taken to city hospital. She told police she had quarreled with a young man Sunday night.

AFFIDAVITS FOR NEW HENKE TRIAL FILED

St. Louis County Woman Says Her Estranged Husband Boasted of Crime.

The affidavit of a St. Louis County woman in which she asserted her estranged husband boasted that he murdered Mrs. Marie Henke, in her home at 1721 Beulah place, Richmond Heights, July 11, was filed in Clayton court today. It is one of 18 affidavits submitted by Eugene J. McMahon in support of a motion for a new trial for Harry A. Henke Jr., who is in Clayton jail facing a 20-year prison term assessed by a jury which last month found him guilty of murdering his wife.

The woman asserts that her husband on Sept. 11 told her he entered the Henke home on the morning of July 11 and killed Mrs. Henke with a monkey wrench when she resisted his advances.

Another affidavit, that of Michael Michels, an embalmer, asserts that Mrs. Henke's body was washed by him after she was found slain. An important link in the State's case of circumstantial evidence was the testimony that the body had been washed before it was found.

Another affiant is Miss Marie Burk of East St. Louis, who was the "missing witness" at Henke's trial. Miss Burk asserts she lived at home throughout the period of the trial and was never approached with a subpoena.

Most of the affidavits are those of court stenographers who swear to variations between testimony of State's witnesses at the trial and at previous hearings. In the affidavits, McElhannon seeks to substantiate his charges that the prosecution was "framed" to further the political ambitions and hide the negligence of officials interested in the prosecution.

PAGES 19-32

MELLON CONCERN "WELL PAID FOR LOYALTY" IN WAR

**Congressman Jeffers Cites
\$16,000,000 Allowance
on Amortization Claim of
Aluminum Company.**

Post-Dispatch Bureau,
20-23 Wyatt Bldg.
Washington, Oct. 13.—Secretary
Mellon's defense of the Aluminum
Co. of America's on the ground of
its patriotic attitude during the
war, was assailed today by Rep-
resentative Jeffers (Dem.), Ala-
bama, who contended the company
was "well paid for its loyalty" in-
asmuch as it received an allow-
ance of nearly \$16,000,000 on an
amortization claim covering 1918
and 1919.

Citing evidence brought out by
Senator Couzens in the investi-
gation into the Internal Revenue
Bureau, Jeffers emphasized that the
Aluminum Co., pleading on the
ground of war that the sudden over-
supply of aluminum entitled it to
an income tax readjustment, had
received a "settlement" that is 10
times more than even the Alumi-
num Co. itself originally claimed
to be due for amortization on its
war contracts.

"This huge sum was allowed in
June, 1923, more than two years
after Mr. Mellon became head of
the Treasury Department," Jeffers
said in a statement issued through
the Democratic national committee.
The Federal Trade investigation
shows that the Aluminum Co. is
owned almost by Secretary Mellon
and his brother, R. E. Mellon of
Pittsburgh.

"The Trade Commission not only
shows the Aluminum Co. of Amer-
ica to be a monopoly, controlling
the output of aluminum and alumi-
num utensils, so necessary in every
household, hospital and elsewhere,
but that it has benefited highly
by higher prices under the high
tariff duties imposed by the Ford-
ney-McCumber bill.

Imported Foreign Workmen.
"Also, under special permits
from the Department of Labor the
Aluminum Co. has been allowed to
bring foreign workmen across the
border from Canada to its New
York plant outside the immigra-
tion law quota, although there
were millions of idle workmen in
the United States.

"On top of these revelations
comes the disclosure that the Mel-
lon Co. obtained the huge settle-
ment of nearly \$16,000,000 from
the Government."

Jeffers said he did not charge
Secretary Mellon with being per-
sonally responsible for this huge
sum being awarded to the com-
pany. "But," he said, "an indi-
vidual having such vast claims
against the Government is not the
proper man to head the depart-
ment which passes on those
claims."

"In so doing," added the Jeffers
statement, "Secretary Mellon is an
avowed of ethics as would be a
Judge who tried a case in court
in which he had a personal inter-
est."

"Well Paid for Loyalty."
"Mr. Mellon's chief defense of

the Aluminum Co., made after its
favors under the Harding-Coolidge
administration came under fire, is
that it had been 'loyal' during the
war.

"It would appear that the

the aluminum company was well
paid for its loyalty, not only in
large profits on what it sold to the
Government, but in this adjust-
ment of nearly \$16,000,000 allowed
as an amortization claim which
the Government paid it after the
war ended."

Jeffers contrasted Mellon's atti-
tude on the bonus with that on the
amortization allowance to the com-
pany. The actual amortization al-
lowance, according to the testi-
mony before Couzens' committee
was \$15,589,614 upon a revised
claim of the company for a total

allowance of approximately \$18-
000,000.
Federal Trade Commission offi-
cials have nearly completed copy-
ing their report and assembling the
evidence on which they based their
charges that the aluminum com-
pany has violated the antitrust

decrees entered against it in 1912.
When the duplicates of the report
and the evidence are in shape they
will be forwarded at once to At-
torney-General Stone, who has
promised an investigation to see
what action the Department of
Justice may take.

COLUMBUS DAY IS OBSERVED IN CITY

Thousands Join in Commemoration of 432d Anniversary of Landing of Discoverer.

Columbus day is being observed in St. Louis today in accordance with the state law providing for the observance of a holiday which falls on Sunday on the Monday succeeding. Municipal and state offices are closed, as are the Merchants' Exchange and the St. Louis Stock Exchange. Banks and mercantile institutions elected to remain open.

K. of C. Observe Day.

The formal observance of the 432d anniversary of the landing of Columbus, however, occurred yesterday when the Knights of Columbus council in St. Louis joined in the commemoration of Columbus' discovery of America to the celebration of the silver jubilee of the establishment of that order in St. Louis. Eight o'clock mass at the New Cathedral, Lindell boulevard and Newstead avenue, at which Knights of Columbus were communicants, and Mr. Tansath delivered a special sermon; the decoration of the Columbus statue at the Grand boulevard entrance to Tower Grove Park by Knights of Columbus and the Italian societies of St. Louis; and a banquet at Hotel Statler, at 7 p. m., at which Archbishop Glennon, former United States Senator Xenophon P. Willey, president of the State Bar Association of Missouri and former Gov. Frederick D. Gardner were speakers—these made up the program for the day's observance.

Father Caesar Spigardi delivered the invocation when Knights of Columbus and the Italian Societies gathered at 3 p. m. to lay a tribute of flowers before the Columbus statue in Tower Grove Park. The speakers were John E. Riley, who confined his remarks to a biography of Columbus and a history of the discovery of America, and John S. Leahy, who declared that the people of the world owe to Columbus a debt for the liberty they enjoy because America had followed the precept of its own example by its World War crusade against tyranny and militarism.

700 Knights at Banquet.

Dr. R. Emmett Kane was toastmaster at the banquet with which 700 Knights of Columbus celebrated the twenty-fifth anniversary of the establishment of their order in St. Louis. James W. Byrnes told the Knights of the necessity of combating the Ku Klux Klan, as a menace both to the Constitution and to Christianity, while Senator Willey, in discussing "The Life We Live," urged a better citizenship as the basis of national strength. Gov. Gardner told the Knights that the newly dedicated Capitol at Jefferson City was in fact a monument to constitutional rights and freedom of religious opinion in Missouri.

A glowing tribute to Columbus as an example to all members of the order named for him was paid by Archbishop Glennon, who urged that the organization continue to keep alive the tradition and ideals of the great navigator.

At the 8 o'clock mass in the New Cathedral about 5000 persons were present. Father Brinkman was celebrant, and the Knights of Columbus, assembling at Union and Lindell boulevards, marched to the cathedral headed by their souaves and a police escort.

MAN AWAITING TRIAL FOR MURDER KILLED BY CONSTABLE

He Is Fourth to Die as Result of Feud That Followed Killing of Hog.

By the Associated Press. KANSAS CITY, Mo., Oct. 12.—Guy Knight, 29 years old, one of the principal figures in the McCormick-Knight feud at Holden, Mo., which has claimed three lives, was shot and killed yesterday by Constable L. G. Harris near Raytown, Mo., southeast of here. Harris and his son, Sam Harris, had arrested Knight and Lloyd Spencer, 23, whom they found asleep in a motor car on a highway, and were taking the prisoners to Raytown in the car when Knight attempted to wrest a revolver from young Harris. The father fired one shot, fatally wounding Knight.

Spencer told officers that he and Knight were sleeping in the car because they feared arrest if they drove into Kansas City. They were fined \$100 in police court here last Thursday and ordered to leave town. Several revolvers were found in the car.

Knight was at liberty under bond, awaiting trial on a charge of murder in connection with the death of George McCormick, the first to fall in the feud between the Knight and McCormick families at Holden. A hog belonging to Knight's father, Benjamin Knight, which strayed on the McCormick farm and was killed by George McCormick, started the feud.

Several days after the hog was killed Benjamin Knight, Guy Knight, Harry Knight, Chester Kerr and Frank Carey drove to the McCormick home. An argument resulted and McCormick was killed. His 17-year-old son, Lowell McCormick, obtained a shotgun and fatally wounded Benjamin Knight. Later Lowell McCormick shot and wounded Guy Knight and killed Albert E. Shaban, a friend

of the Knights. The boy was sentenced to 15 years in the penitentiary for the slaying of the elder McCormick. Guy Knight was to be tried at the next term of court.

LEARN REAL ESTATE AT NIGHT

Beginning Thursday night (Oct. 9) at 8 p. m., classes to Real Estate Salesmanship will be given free at 105 N. Eighth St. You will not be asked to buy, nor is there any obligation on the part of those attending. The course is absolutely free. Those desiring to work part time, without interfering with their regular work, may do so. This is an unusual opportunity of combining theory with practice as well as a chance to earn extra money without loss of time from your regular employment.

The Business of Saving Lives—Help St. Mary's Hospital.

Fifty Years of Self-Sacrifice

FIFTY YEARS of unswerving fidelity to the sick and poor is the record of the first half century of the Sisters of St. Mary in St. Louis. They have labored unceasingly in consoling the afflicted and comforting those in distress.

Theirs has been a mission of charity and hardships. From a small beginning and house-to-house solicitation of funds, they have nursed in the homes of the destitute, served in epidemics, built hospitals and enlarged their organization until now they operate three great St. Louis institutions—St. Mary's Infirmary, Mount St. Rose Sanatorium for Tuberculosis, and the new \$1,250,000 St. Mary's Hospital.

A large part of the work in these institutions is for charity. Those who are able are expected to pay, but the deserving poor are always cared for. Each year the cost of caring for the sick poor has been larger than the amount received from pay-patients.

This campaign is being conducted to lift the debt on St. Mary's Hospital and enable the Sisters to further extend their splendid work. The fund will be raised by issuing five-year endowment life insurance policies, payable to the Sisters of St. Mary. It is a businesslike plan, and is worthy of your support.

The Endowment Insurance Plan

Five-year endowment policies are being issued in amounts of \$500 or more by the Metropolitan Life Insurance Company to persons between the ages of 10 and 65 years, payable to the Sisters of St. Mary.

Each man or woman taking out a policy for \$1000 or more is entitled to free hospital service at St. Mary's Infirmary during periods of sickness for the rest of his or her life.

The premiums are payable annual-

ly, semi-annually or quarterly. At the end of five years the face value of the policy, with earned dividends, will be paid to the Sisters of St. Mary.

If the insured dies within five years, all payments cease and the face value of the policy will be paid to the Sisters of St. Mary at once.

Insurance is selected as the means by which this fund shall be raised. It is a practical, businesslike method for endowing your hospital.

MASONS PERFECT PLANS FOR BUILDING FUND CAMPAIGN

Solicitation of \$1,000,000 to Com-
plete Temple on Lindell Near
Grand to Begin Oct. 23.

The General Executive Commit-
tee of the St. Louis Masonic Temple
campaign met today at Hotel Stat-
ler to complete plans for a drive
beginning Oct. 23, when more than
\$1,000,000 in subscriptions will be
sought. The fund thus acquired
will be used to complete the temple
now under construction on Lindell
boulevard west of Grand.

It was stated that more than
2500 men and women will engage
in the work of soliciting the 50-
000 Masons and members of the
Eastern Star in Missouri. Subscrip-
tions are expected to complete the
fund within a week.

COUNTY BEGINS RAISING ITS SHARE OF COMMUNITY FUND

15 Districts Formed, With Team
Workers to Solicit All Resi-
dents.

The County Division of the
Community Fund has begun its
work of raising funds to care for
the needy and unfortunate of St.
Louis County during 1925. Wil-
liam H. Henby, chairman of the
division, has divided the County
into 15 large districts each with
a worker in charge who will ap-
point captains and team workers to
solicit everyone within each dis-
trict.

Each of the 15 divisions is
framed along township lines and
the complete personnel will be or-
ganized within a few days. George
Robinson is publicity chairman of
the County Division and Mrs. K.
A. Goldstein, chairman of the
Speakers' Bureau.

FRANCO-GERMAN AGREEMENT

Basis for Commercial Treaty Is
Reached.

By the Associated Press.
PARIS, Oct. 12.—The first stage
of the negotiations between France
and Germany for the formulation
of a commercial treaty ended today
with the basis for an accord hav-
ing been reached. The negotiations
will be resumed Nov. 5, when it is
expected a customs tariff will be
drafted.

Immigrant Act "Anti-Catholic."

By the Associated Press.

BALTIMORE, Oct. 13.—Decla-
ring that the act restricting im-
migration passed by the last Con-
gress was "conceived in an anti-
Catholic spirit," Archbishop
Michael Curley yesterday in an ad-
dress to more than 6000 persons
said that the effects of the act
would be harmful to the country
in the years to come. The arch-
bishop said Congress put the
stamp of inferiority on Italy when
it approved the immigration bill.

Before YOU buy make THIS test

GATHER together the biggest wash you can find—and call for
a Maytag Gyrafoam Washer.

Then, when convenient, do the same thing with any or all
other washers. Make the comparison thorough.

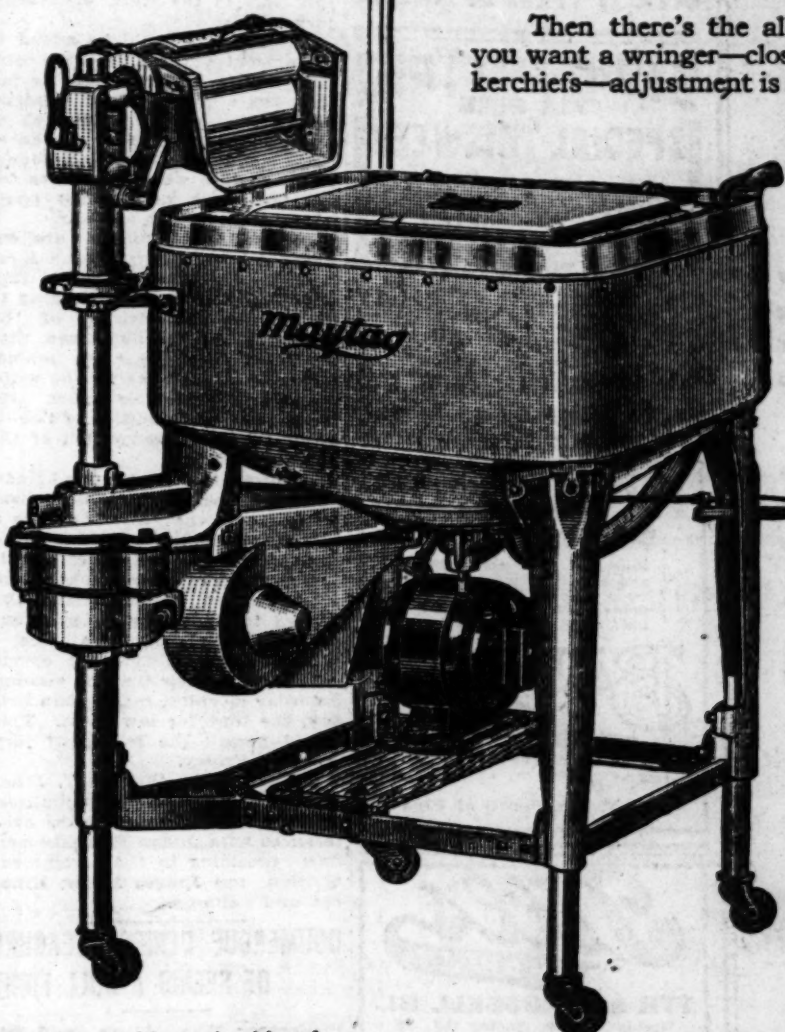

Find out why the Maytag's exclusive principle of water turbu-
lence washes twice as fast as others. Why you will average 50
lbs. of dry clothes an hour. Why you will obtain snow-white
wristbands, collars and cuffs without hand-rubbing. Silks, linens,
woolens—immaculate in 3 to 7 minutes. Why and how the cast
aluminum tub cleans itself in 30 seconds.

Then there's the all-metal wringer, low design, right where
you want a wringer—close to water line. Feed it blankets or hand-
kerchiefs—adjustment is automatic—tension release instantaneous.

Prove all these things in your
own home. Any Maytag dealer will
bring the washer to you. No obli-
gations whatever. Don't delay,
phone! They desire the test before
you make your decision to buy.

Deferred payments that are
surprisingly easy

Kennard's LINOLEUM

Established 1856

For Every Room

Linoleum is now being installed in many new homes and for worn floors has come to be regarded as ideal, inasmuch as it is cheaper than hardwood flooring and far easier to keep in fine condition.

We have undertaken many such contracts and, with our method of laying, have given great satisfaction.

Linoleum is sanitary, easy to walk on and to keep clean. It does not require refinishing, is pleasing in appearance and economical in cost.

7 WEEKS MORE WORK FOR JUDGES FAVORED

Bar Association Committee
Suggests Plan to Catch Up
With Circuit Court Docket.

The St. Louis Bar Association's committee on judiciary will present, at the association's meeting at the Melbourne Hotel tonight, a report recommending that the Circuit Judges engaged in trying jury cases work about seven weeks more in each year, in order to help in catching up with the Circuit Court's docket.

The committee has decided not to take action toward recommending the creation of new judgeships, until it appears that the present judges are putting in more nearly full time in the work of hearing jury trials.

Three weeks could be added to the present working time, the committee finds, by beginning the fall term the second week in September, instead of the first week of October. Another four weeks or more could be gained, it is found, if the judges would set cases for the last week of a court term, which they do not now do.

Eight Circuit Judges are engaged in hearing jury cases. A recent count of cases showed that 12,988 jury cases were pending in the assignment division of the court. This does not mean that the court is 12,000 cases behind, for many of the suits will be withdrawn or settled out of court. But it shows a condition which is characterized as congestion of the court's docket.

At present, the committee finds, the jury division try cases about 30 weeks in the year, and take a full three months' vacation, from the end of June until after Oct. 1. The addition of seven weeks to the present time would enable the judges to do nearly 25 per cent more work, the committee holds.

It is suggested that the courts could add to their time by making Saturday morning, rather than Friday, the time for law cases. This would permit the setting of jury cases on Friday.

Former Judge William T. Jones is chairman of the committee, which made its report after conferences with Judge Falkenberg, now presiding in the assignment division, and Judges Miller, Killoran and Calhoun.

DOUMERGUE DENIED PLEASURE OF SEEING A BULL FIGHT

Prosecutor Was Along and His
Home-Town Friends Were Ad-
vised to Call Off Piss.

NIMES, France, Oct. 12.—President Doumergue was denied the pleasure of seeing a bull fight on his homecoming here yesterday for the first time since he was elected President of France. M. Doumergue enjoys the sport, and his old friends endeavored to have a bull fight on yesterday's program of sports in the old Roman arena. The authorities and the master of the ceremony of the Elipse Palace, however, decided that it would not do for the President of France to attend an event prohibited by French law, and especially as the Attorney-General was in the presidential party at the time and the promoters of the fair would have to be arrested and fined.

DAVIS LABOR CHAIRMEN NAMED

By the Associated Press.

WASHINGTON, Oct. 12.—The Democratic National Committee announced here yesterday that the National Democratic Labor Committee, had completed organization, under the chairmanship of George L. Berry, president of the International Printing Pressmen's Union of America. State chairmen of the new organization have been named in all but three states.

The state chairmen include Arkansas, C. W. Cory, Little Rock; Iowa, A. J. Amster, Sioux City; Missouri, John T. Smith, Kansas City; Oklahoma, T. T. Harvey, Oklahoma City.

MORE TEXAS CATTLE KILLED

By the Associated Press.

HOUSTON, Tex., Oct. 12.—Outbreak of foot and mouth disease in a herd of 17 cattle under observation by Federal inspectors was reported yesterday by Dr. Marion Imes, Government inspector. The animals were immediately killed and buried, Dr. Imes said.

This herd was the last of the live cattle in the original infected area placed under quarantine, Dr. Imes said.

Man and Son Sentenced to Die

By the Associated Press.

SOUTH PORT, N. C., Oct. 12.—In the quiet calm of a Sabbath afternoon, C. W. Stewart and his son, Elmer, yesterday heard the words of Judge Henry A. Grady that sentenced them to die in the electric chair Nov. 25 for the murder on July 29 last of Detective Sergeant

Stop Guessing

You need not guess what Tonsiline contains. We print the ingredients on every bottle. They are known to be reliable for the treatment of the conditions of the throats and mouths of children and adults and have been favorites in the prescriptions of physicians for many years. Over thirty years use proves Tonsiline is the perfect combination of these valuable drugs. Don't accept a substitute. Insist on the bottle with the long necked follow on it.

TONSILINE

Leon George and Deputy United and son guilty of murder in the States Marshal Sam Lilly. The verdict was returned yesterday dict of the jury finding the father morning.

Armstrong's Linoleum for Every Floor in the House

For the
Restaurant
The floor of this attractive restaurant is Armstrong's Moulded Inlaid Linoleum, Pattern No. 3040.

The Old Story of Linoleum and the New Story of Floors

SOME of the things you ought to know about linoleum have been true for fifty years. Maybe you know them.

They are that linoleum makes a tough, durable floor. That linoleum makes a quiet, restful floor. That linoleum is the easiest of all floors to keep clean, and is therefore a sanitary floor.

From the time of the invention of linoleum in 1863, the linoleum business has steadily grown, because all these facts about linoleum were perfectly clear to everybody. The very name "battleship linoleum" applied to quarter-inch plain color linoleum came from its wide use on the decks of ships of war.

The new story of linoleum floors.
Do you know it?

The last ten years have brought about a new conception of linoleum. The men who make and design Armstrong's Linoleum saw that floors of linoleum could also be beautiful and permanent. Armstrong's Linoleum in all the finer inlaid patterns is designed and made with the idea that it will be

bought with an eye to its beauty, laid with the idea of permanency, and waxed and cared for as any fine floor should be.

The modern way of
laying linoleum

If you want a smart and attractive floor for your restaurant, office, or shop; or if you are choosing a handsome, dignified floor for a public building—school, hospital, lodge room, or courthouse—select one of the new designs and colorings of Armstrong's Linoleum. The merchant or contractor will suggest the following tried and approved method of laying linoleum for permanency:

Have a trained linoleum layer paste a lining of builders' deadening felt to the underfloor. Cement the linoleum (with or without a border) over this felt, using water-proof cement round the edges, and joining them closely to conceal the seams. The deadening felt takes up all expansion and contraction of the underfloor, and gives a permanent, watertight, good-looking floor.

Wax linoleum floors

Wax this floor. Don't scrub it. The maintenance is surprisingly low. The floor is economical in first cost, and its entire monthly cleaning and waxing expense need not exceed a cent and a quarter per square foot.

Talk to your merchant
or write to us

Your architect, contractor, or any good linoleum merchant will give you information on Armstrong's Linoleum, or you may send for our 48-page booklet, "Business Floors." It shows colorplates of linoleum floors for business homes and institutions, and gives full directions for laying and waxing floors of Armstrong's Linoleum. You will find it valuable and instructive.

As Required by an Act of Congress

By the Act of Congress of August 24, 1912, newspapers are required to make a sworn statement of the average number of copies of each issue sold or distributed, through the mails or otherwise, to paid subscribers, each six months. Statements of the St. Louis Post-Dispatch from October, 1922, to October, 1924, inclusive, are as follows:

DAILY and SUNDAY AVERAGE CIRCULATION of the POST-DISPATCH:

For the Six Months Ending October 1, 1922	202,244
For the Six Months Ending April 1, 1923	218,673
For the Six Months Ending October 1, 1923	223,359
For the Six Months Ending April 1, 1924	232,152
For the Six Months Ending October 1, 1924	233,823

233,823

*The New High Record—the Greatest Ever Attained
by ANY St. Louis Newspaper.*

The Post-Dispatch average paid circulation of 233,823 establishes a new high record—the greatest ever attained by any St. Louis newspaper, morning or evening.

The paid circulation increase of the Post-Dispatch—31,579 for the period shown—was far greater than that of any other St. Louis newspaper, morning or evening.

September Advertising Records:

In September—as in many previous months for years and years—the Post-Dispatch carried far more advertising than the Globe-Democrat and The Star combined. This marked supremacy is due to the discovery of Advertisers that it is Profitable to Concentrate their advertising in the One Big Newspaper for Results.

WOMAN KILLED IN PARACHUTE LEAP FROM AIRPLANE

Safety Apparatus Fails to Open, and Plunges 1000 Feet Into Crowd at Wichita Air Meet.

ANOTHER WOMAN LANDS SAFELY

Plane From Which They Jumped Was Driven by Husband of Woman Who Was Killed.

By the Associated Press.
WICHITA, Kan., Oct. 12.—The death of a woman parachute jumper, marred the final day's program at the National Air Congress meet here yesterday. Mrs. Ruth Garver, aerial performer, of Attica, Kan., was killed when she fell 1000 feet with a parachute that failed to open.

Mrs. Garver and Mrs. Sevauglin of St. Joseph, Mo., jumped simultaneously from the plane of K. R. Garver, husband of the dead woman. Mrs. Neville landed safely, but the parachute of Mrs. Garver, its cords tangled, fell like a plummet, and landed in the midst of a large crowd. She died a few moments later.

Four army pursuit planes from Selfridge Field furnished the greatest thrills of the races today. The race for the Wichita Chamber of Commerce trophy, four pursuit planes was won by Maj. Thomas Lamphier, with an average speed of 158 miles an hour. Maj. Lamphier flew the 60-mile course in 22 minutes 47.05 seconds. Following closely was Lieut. T. W. Blackburn, who averaged 152.8 miles an hour. One of the planes piloted by Lieut. Toutellot, was forced out of the race by motor trouble and Lieut. E. C. Whitthead was disqualified for cutting a pylon on the first lap.

Maj. Lamphier won \$500 in Liberty bonds.

Averaging 107.21 miles an hour, Lieut. J. D. Corbhill, of Brooks Field, San Antonio, Tex., won the Detroit News trophy race for large capacity planes. Lieut. Corbhill piloted his Martin bomber over the 60 miles of the race in 43 minutes 42.41 seconds. In addition to the trophy he won \$500 in Liberty bonds. Second place was won by Lieut. F. J. Patrick of Kelly Field, San Antonio, with an average of 103 miles an hour. Capt. J. Harvey of Kelly Field was third with 98 miles an hour. Lieut. J. D. Gibbons of Chanute Field, Hantou, Ill., was fourth.

Walter Beach of Wichita, flying a clipped wing Swallow, won the handicap race for commercial planes, averaging 114.5 miles an hour. Beach's handicap was 2 minutes and 16 seconds. The race was for the Wichita Beacon trophy and first place carried a prize of \$200 in Liberty bonds. K. R. Garver of Attica, Kan., with a handicap of 11 minutes and 29 seconds finished second; Hines Hoyt of Chicago, with a handicap of 6 minutes and 35 seconds, third and Perry Hutton of Chicago was fourth.

O. A. Askey of Ardmore, Ok., won the free for all Jenny race, averaging 72.5 miles an hour. R. W. Cautwell was second and Billy Tipton third. The race was for the Swallow Airplane Co. trophy. Garver won the dead stick landing contest. Basil Rowe of Attica, N. Y., was second and Walter Beach third. Garver landed 7 feet 5 1/2 inches from the field marker. The army biplane TC-5, arrived here late Saturday from Tulsa. It likely will return to its home station at Belleville, Ill., today.

YELLOW FEVER QUARANTINE

No Additional Cases at Houston. However, Following One Death.

By the Associated Press.
HOUSTON, Tex., Oct. 12.—No cases of yellow fever have been discovered among 88 persons placed under quarantine following the death of Fernando Perez here Thursday, according to Dr. A. H. Flickwire, city health officer. Perez died of yellow fever, and everyone known to have come in contact with him was immediately placed under guard in a detention camp.

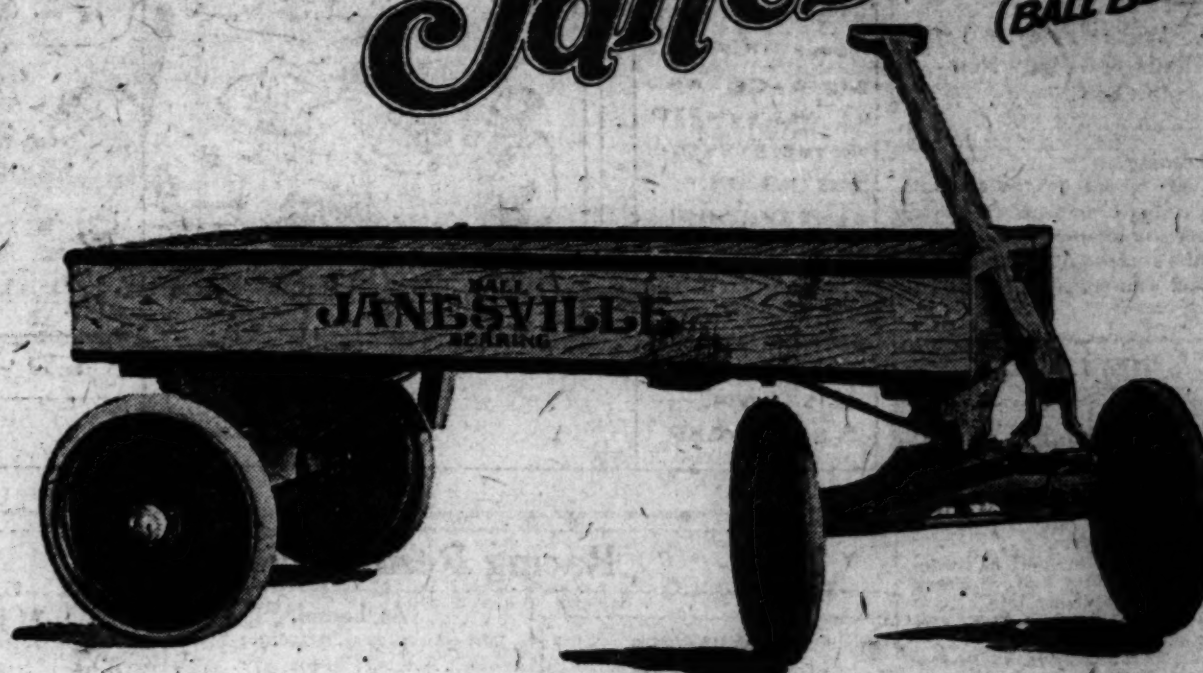

A large crew of men were at work all day yesterday weeding and taking other precautions.

The hotel in which Perez stopped before being taken to the hospital has been fumigated and released from quarantine. All buildings adjoining the hotel have been fumigated.

Double-Deck Buses in Kansas City

By the Associated Press.
KANSAS CITY, Mo., Oct. 12.—The three new double-deck buses, which were put on yesterday on the Kansas City, Kan.-Union Station line by the Kansas City Motor Coach Co., were only the first shipment of a fleet of double-deckers. Hiram H. Moore, president of the new line announced yesterday. A 15-minute service on the Inter-city line went into effect this morning.

The Good
Janesville
(BALL BEARING)

A HIGH-GRADE COASTER WAGON — NEVER CHEAPENED

Janesville standards of 40 years have withstood the ravages of price-cutting competition. Janesville quality has remained unimpaired. Patented ball-bearings have remained part of the standard equipment despite the temptation to cheapen production cost by the use of roller bearings. There could be no satisfactory substitute for the selected ash bolsters, nor for the rim-bound, double-disc wheels, nor the oversize rubber tires, put on by a special Janesville process.

These outstanding features have helped to maintain Janesville's leading place among the highest grade coaster wagons. They have built and maintained Janesville's reputation and made

JANESVILLE'S NAME ITS BOND

Speed and strength and service may safely be promised the Janesville owner because it has long ago passed the tests of experiment and trial—because it must be speedy, strong and serviceable to preserve the Janesville name, and to be true to Janesville traditions.

All that Janesville's proud name and great prestige stand for—all the promise of excellence that goes with 40 years of achievement and advancement in vehicle manufacturing—form a reassuring background to the offer made by the Post-Dispatch to give

A JANESVILLE (BALL-BEARING) FREE TO EVERY ELIGIBLE BOY AND GIRL

A Pair of Sherwood Steel Racers (Ball Bearing) Free, in Combination With the Free Janesville Offer During October!

No additional requirement—the Sherwood Racers—superior in their class as the Janesville is among coaster wagons—are offered with the Janesville for four new subscriptions during the entire month. Now is the time to enroll!

HERE ARE TERMS OF THE OFFER—READ CAREFULLY

Offer is open to boys and girls who are not identified with the sale or distribution of the POST-DISPATCH, residing within the city carrier delivery limits of St. Louis, and in towns where daily editions of the Post-Dispatch are delivered by local newsdealers.

4 subscriptions are required each for 6 months. No extra credit for yearly subscriptions.

New subscriptions are required—from persons not now reading the Daily POST-DISPATCH, whether purchased from newsboys or newsdealers, or delivered by carrier.

Daily subscriptions are required. No credit allowed for Sunday POST-DISPATCH subscriptions. A Sunday POST-DISPATCH reader who has not been reading the daily POST-DISPATCH may subscribe through you under this plan.

Verified subscriptions are required. We investigate the validity of the order and the subscriber's responsibility. All orders are received subject to acceptance or rejection by the POST-DISPATCH.

Home-Delivered subscriptions are required. Business district readers are better served by newsboys and cannot be included under the terms of this offer. This makes necessary a definitely restricted area in St. Louis and orders will not be accepted for delivery within the district bounded

ON THE NORTH BY CASS AV.
ON THE SOUTH BY CHOUTEAU AV.
ON THE WEST BY GRAND BL.
ON THE EAST BY THE MISSISSIPPI RIVER

Bring or send this Enrollment Blank to the Post-Dispatch Janesville Wagon Bureau, 12th and Olive Sts., St. Louis, Mo.

POST-DISPATCH Janesville Wagon Bureau, ST. LOUIS, MO.
Send instructions for getting a Janesville Ball-Bearing Coaster without paying or collecting any money.
I promise to abide by the requirements of your offer.
I understand, fully, that all orders are subject to your acceptance or rejection.
I will not tender orders from persons who now read the daily POST-DISPATCH—whether purchased from a newsboy, newsstand or carrier.
I am not identified in any way with the sale or distribution of the POST-DISPATCH.

EPINARD MAY MEET SARAZEN IN SPECIAL MATCH RACE AT LATONIA

—By Ken Kline
Event Would Be Best of Season, Ryall Asserts

Still Insists That French Star Is Greatest Horse in the World Today.

WYNES GIVEN BLAME

Trackmen Disappointed at Showing of Their Hopes in Third International.

By G. F. T. Ryall.

of the New York World Staff.

NEW YORK, Oct. 12.—There was something pathetic in the suggestion of a wit coming back on the race track from Jamaica.

Some of the Frenchmen came to this country on a sporting quest with the best horse in Europe.

Only to have him run second time in a row, the first of which amounted to more than \$100,000.

beaten three parts of a length by Wise Counselor at six furlongs; a rod by Ladkin at one mile and Saturday a length and a half by Sarazen at a mile and a quarter.

The writer wishes to repeat the statement he made in this column a fortnight ago, after the running of the second special, that Epinard, good horse as he is, would not win because Haynes was in the middle.

If he runs in the match race with Sarazen, now talked about, the result may be the same.

Wertheimer is a sportsman, which amounts to being, in the vernacular, a "game guy."

No word of criticism of the handling of his horse came from him after either of the two races here.

Famous Winning Football Plays—No. 10

BO McMILLIN'S CENTENARY DOUBLE PASS.

BO McMILLIN is meeting with the same success coaching at Centenary College of Louisiana that he enjoyed, as a star quarterback at Centre a few years ago.

The accompanying play by Coach McMillin is a sequel to the off-tackle formation.

No. 3 and 4 block the defensive left end.

No. 9 blocks the defensive tackle.

No. 8 goes through for defensive fullback.

No. 7 bridges over No. 8's position.

No. 2 leads just as he would on the off tackle play and blocks left halfback.

The ball is passed to No. 1 who takes it on the dead run, running low as though for the off tackle formation.

When he gets to the line he turns with his back to the line and flips the ball to No. 5 who is coming around with No. 6 for interference.

This play has been a consistent gainer for McMillin at Centenary and during his playing days at Centre.

(Copyright, 1924.)

WRAY'S COLUMN

New Fable of the Fox.

ONCE upon a time in the Realm of Baseball there dwelt two great captains. Their names were Ban and John and the two forces dwelt together in the same peace and amity as a bull terrier and a tom cat.

Now Ban had a balmier with something in it besides matrix. He grew to be powerful and strong and he liked it. Nay, he yearned for it. The beam of the spotlight was more than food, raiment and a reasonable landlord, to him.

And it was coming to him, for he did devise well and forcefully carried out schemes for the betterment of his followers.

Whereupon, John and his brethren were envious and he came to him and said: "I have a plan for you, Ban. I will give you a chance to win the championship of the National League."

He thought that Epinard was matched in a four-horse race with the best Jockey Haynes, rather than the three horses that best him; the compromise distance of one and one-eighth miles.

A race between Ladkin, Wise Counselor, Sarazen and Epinard ought to be worth going to see.

PRINCETON cheer-leader he threw his arm out of joint. A St. Louis soccer line-man waved

his handkerchief so hard that he threw his knee out of joint.

And, some say, even the times are out of joint.

Dr. Whelan's Plan. BOSTON UNIVERSITY wants a new method of deciding their football game. He wants to limit it each quarter to a certain number of PLAYS instead of a certain number of minutes. He thinks this would prevent stalling by the team that scores the first touchdown.

Dr. Whelan points out that in the history of the Yale-Harvard contest only twice (1916 and 1921) has the team that scored first been defeated.

He thinks this was due to the fact that the team out in front immediately fell back on defensive and dilatory tactics, stalling for time, content to win by the initial score.

He believes that with a certain number of plays to be run off, the time element will have been eliminated and both teams will play hard throughout the game.

This plan is plausible and should be tried. But such stalling is seldom seen on Western fields, where a better spirit of sportsmanship and less safety-first has been manifest.

Cochens Had a Plan. LONG year ago when Eddie Cochens startled the world with his St. Louis University eleven's new stuff, some such plan was suggested by the versatile Edward.

He said that a football game to be perfectly fair to both sides ought to be decided by a fixed number of plays. His plan involved giving each team possession of the ball, without having to wrest it from the enemy.

This had its objections, but it would be an interesting plan to try out.

Football Injury Fatal. JAMESTOWN, N. Y., Oct. 12.—Richard Smith, 20, playing football, was killed when his skull was fractured as he attempted a tackle.

Cardinal Barnstormers DEFEAT SHELLS, 14-3. The Cardinal barnstormers hammered three pitchers for a total of 14 hits and 14 runs to defeat the Shell team of the Municipal League, 14 to 3, at Sportsman's Park yesterday afternoon. About 2500 persons watched the game.

Phil Todt's pair of home runs, the batting of Earl Wrenn and the pitching of Leo Dickerman featured the game. The contest was close until the sixth inning, when the Cardinals scored seven runs and went into the lead, 7 to 1.

The Shells also lost Saturday's game, 6 to 2.

Hitler and Spiegel Win. The team of Hitler and Spiegel reached the final round of the doubles event in the Junior Chamber of Commerce tennis tournament by defeating Daly and Thoske in a semifinal match yesterday afternoon, 6-4, 6-2, 6-3. In a previous contest Daly and Thoske defeated Lynn and Carter, 6-0, 6-0.

Cochems Had a Plan. LONG year ago when Eddie Cochens startled the world with his St. Louis University eleven's new stuff, some such plan was suggested by the versatile Edward.

Eastern Critics Demand Scandal Case Reopening

Want O'Connell's Testimony Withheld to Date, Given to the Public.

Special to the Post-Dispatch.

NEW YORK, Oct. 12.—By tacit rather than spoken agreement, Eastern sport critics decided during the world series to force a showdown from organized baseball on the evidence they feel has been withheld from them on the O'Connell-Dolan scandal.

They began the campaign today by reiterating their demands that the case be reopened or that O'Connell's testimony be made public, a request steadily denied them to date.

The scandal, they intimate, will not be allowed to grow cold.

Some of the foremost critics in the world of sport are lined up behind this idea.

Least this attitude be misunderstood, the statement is made that the integrity of the men at the head of baseball is not questioned. Baseball at its foundation is honest, but baseball has been known to guess wrong before.

One of the two guilty players, O'Connell, not only involved Dolan in his statement, but several others of the Giant team.

Baseball has given no adequate reason for accepting O'Connell's statement in regard to Dolan and declining it in regard to the others. It simply pointed out that Dolan had "acted" in a guilty manner when questioned and the others had not.

O'Connell has disappeared from his hotel, leaving no forwarding address. It is presumed that he has departed for his home in California, taking his side of the scandal with him. Dolan is still about his Broadway haunts, but apparently has nothing to say.

Only Judge Landis remains on the ground to reopen the issue.

Hitler and Spiegel Win. The team of Hitler and Spiegel reached the final round of the doubles event in the Junior Chamber of Commerce tennis tournament by defeating Daly and Thoske in a semifinal match yesterday afternoon, 6-4, 6-2, 6-3. In a previous contest Daly and Thoske defeated Lynn and Carter, 6-0, 6-0.

Hitler and Spiegel Win. The team of Hitler and Spiegel reached the final round of the doubles event in the Junior Chamber of Commerce tennis tournament by defeating Daly and Thoske in a semifinal match yesterday afternoon, 6-4, 6-2, 6-3. In a previous contest Daly and Thoske defeated Lynn and Carter, 6-0, 6-0.

Cochems Had a Plan. LONG year ago when Eddie Cochens startled the world with his St. Louis University eleven's new stuff, some such plan was suggested by the versatile Edward.

He said that a football game to be perfectly fair to both sides ought to be decided by a fixed number of plays. His plan involved giving each team possession of the ball, without having to wrest it from the enemy.

This had its objections, but it would be an interesting plan to try out.

Football Injury Fatal. JAMESTOWN, N. Y., Oct. 12.—Richard Smith, 20, playing football, was killed when his skull was fractured as he attempted a tackle.

Cardinal Barnstormers DEFEAT SHELLS, 14-3. The Cardinal barnstormers hammered three pitchers for a total of 14 hits and 14 runs to defeat the Shell team of the Municipal League, 14 to 3, at Sportsman's Park yesterday afternoon. About 2500 persons watched the game.

Phil Todt's pair of home runs, the batting of Earl Wrenn and the pitching of Leo Dickerman featured the game. The contest was close until the sixth inning, when the Cardinals scored seven runs and went into the lead, 7 to 1.

The Shells also lost Saturday's game, 6 to 2.

Lindstrom Is Certain To Replace Groh as Giants' Third Sacker

NEW YORK, Oct. 12.—A world series makes some ball players and helps to send some to obscurity. In this year's series no young player so effectively dotted his name on the map as the Chicago school boy, Fred Lindstrom, who took the place of Heinie Groh at third base for the Giants and eliminated Groh from further consideration as a Giant regular.

If Washington had had an infielder of Lindstrom's caliber to throw into the breach when Peckinpaugh was hurt the first time, the series never would have gone seven games. Miller ceased to fill third base when Bluege was moved to short, and his showing was so indifferent that he came near losing the series for the Senators. Miller never will make a third baseman for a major league club.

He is too slow, too tied up, too much in his own way to handle things at the hot corner.

With Peckinpaugh, in the game Washington had the reputation of having the fastest infield in baseball. But it will have to get some speed and hitting into that infield if it is to come back and fight the American League to a standstill again.

Bluege did not convince anyone that he ever will be much better than he was in the series this year.

The Giants have their infield problem solved for next season, since Lindstrom has come to the front so strongly, but they will have to patch their outfield again. The world series did not impress anyone with the fact that Wilson will never be any better than he was in the series. Meusel seems to have almost slipped his major league cable, and when the next season begins the Giants will need two high-class men for their positions.

SUPREME COURT WON'T HEAR STRIKERS' APPEAL

Refuses to Review Convictions After Deserter of Trains in Desert in Shop Strike.

By the Associated Press.

WASHINGTON, Oct. 12.—The Supreme Court today refused to review the conviction of R. H. Clements and other former employees of the Atchison, Topeka and Santa Fe Railroad on the charge of conspiracy to obstruct the mails and interfere with interstate commerce during the shopmen's strike in 1932.

Passenger Trains Left Stalled on Desert.

It was at the height of the shopmen's strike, in August, 1932, that Clements and the other employees of the Atchison, Topeka and Santa Fe Railroad refused to move trains out of Needles, Cal., and at places on the desert in Arizona. Considerable inconvenience resulted to the passengers on the stalled trains and the mails were delayed.

The motive for the walk-out became at once a subject of controversy. The Government insisted that the action of the employees had been inspired to tie up the system and force an acceptance of the demands of the striking shopmen. The workers asserted that the walk-out followed the refusal of the company to remedy intolerable working conditions and had no relation whatever to the shopmen's strike.

When a jury in the Federal District Court for Southern California heard the evidence presented by both sides, it returned a verdict holding R. H. Clements, John Buchlein, C. Fox, A. Arkbauer, E. H. Reynolds, L. E. Woodbeck, E. Frauser and C. E. Holly, indicted as leaders of the strike, guilty of a willful and criminal conspiracy to obstruct the mails and to interfere with interstate commerce.

Conviction of Convicted Men.

The convicted men, in urging the Supreme Court to review the case, contended that the evidence was ample to sustain their plea that the strike had been resorted to only after the company had refused to remove the armed guards and keep the locomotives in proper running order.

It was high time, they insisted, that the question whether railroad men have the same right to strike as workmen in other lines of industry, should be determined by the court of last resort. That court should announce, they asserted, whether a strike of employees upon a railroad carrying the mails and engaged in interstate commerce, which resulted in the stoppage of trains of itself constituted an unlawful obstruction of the mails and an illegal interference with interstate commerce, when the strike was directed against working conditions which were unbearable.

Indignant denial was made by the workmen to the charge that they had "abandoned passenger trains on the desert." They declared that in every instance train crews at work when the strike was called completed their runs, and that transportation was halted only when employees, exercising their rights, refused to report for work.

Government's Attitude.

The Government, in contending that the case was closed and not open to review by the Supreme Court, pointed out that the Ninth Circuit Court of Appeals had found that all the questions at issue had been fully presented to and considered by a jury, which had reported that the facts sustained the charge of a criminal conspiracy. Inasmuch as the only question at issue was one of fact, relating to the motive for the strike, that question was one which a jury alone could decide, the Government asserted, insisting that there was no claim of new evidence or other sufficient grounds to warrant a reversal of the finding of the jury.

Supreme Court Dismisses Case for Want of Jurisdiction.

WASHINGTON, Oct. 12.—The Supreme Court today dismissed for want of jurisdiction of a case against the Russian Socialist Federated Soviet Republic brought by M. Wolfson & Co., raising the question whether the Soviet can be sued in the courts of this country.

The plaintiff sought to recover property it alleged the Russian Soviet republic had taken. The New York State courts held that the Russian Government existed although it had not been recognized by this Government but that it could not be sued without its consent.

Land Returned to Indiana.

WASHINGTON, Oct. 12.—With the consent of the State of Washington the Supreme Court today entered a decree which will have the effect of returning to the Yakima Indians certain lands erroneously granted to the state at school lands by the Secretary of the Interior.

WIFE ON TRIAL FOR INCITING YOUTH TO KILL HER HUSBAND

38-Year-Old Woman's 18-Year-Old Admirer, Convicted of Crime, May Be Witness.

By the Associated Press.

MIDDLEBURG, Pa., Oct. 12.—Charged with being an accessory to the murder of her husband, Mrs. Annie B. Willow, 38 years old, was put on trial today in the Snyder County Court, where her youthful lover, Ralph H. Shadel, last week was found guilty of second-degree murder for killing Harry C. Willow, the husband, and Shadel's former employer.

In the presence of her 7-year-old daughter and 11-year-old son, Mrs. Willow pleaded not guilty and the Court proceeded with the task of drawing a jury. Her attorneys, after a conference with the defendant, decided not to ask for a change of venue because of the feeling they said existed in the county against the prisoner.

Willow was shot while on a hunting trip last December. The mystery surrounding her death was not solved until this summer, when Shadel, who is 18 years old, was arrested and confessed that he killed his employer at the behest of Mrs. Willow, with whom he had been intimate for five months. Shadel last Saturday was sentenced to 10 to 20 years in the penitentiary. He is being held here as a possible witness against Mrs. Willow.

Mrs. Willow came into court today holding the hand of her little blue-eyed daughter, who appeared bewildered, as she witnessed the court scene and the grief of her mother. Later the prisoner was joined by her son, her two brothers and her father, Luther D. Kratzer.

ITALO-AMERICAN CENTER PLANNED IN CITY OF ROME

Project to Honor Famous Discoverer of America as Link With Latin-American Nations.

By the Associated Press.

ROME, Oct. 12.—Plans for a great Italo-American center—the dream of the Christoforo Colombo Institute here—are presented by the Giornale d'Italia, which points to the project as a worthy means of recognizing the great Italian Columbus and his epoch-making discovery of America. The edifice would cost about \$8,000,000 (\$100,000) according to the Institute and would represent the racial, economic and cultural links between Italy and the Latin-American nations. Part of the expense would be contributed by the States belonging to the Institute and each State would have a number of rooms, depending on its contribution.

The plans of the Institute call for the placing of three statues in the building: Paolo Toscanelli who discovered America; of Columbus, who discovered it; of Amerigo Vesputti, who named it.

WOMAN, 76, KILLED IN TEN-FOOT FALL FROM STAIRS IN HOME

Mrs. Beattie Grossman Dies After Plunging to Ground When Bannister Collapses.

Mrs. Beattie Grossman, 76 years old, of 2949 A Dayton street, was killed at 7:30 a. m. yesterday when a bannister of a rear outside stairs, at the rear of her home, to which she was holding, gave way, and she fell 10 feet, striking her head. Her son, Hyman Grossman, 1310 Biddle street, told police he had requested the agents in charge of his mother's home to repair the bannister, as it was wobbly.

Convict Trying to Escape Is Killed.

By the Associated Press.

MOUNDSVILLE, W. Va., Oct. 12.—One convict was killed and his companion was wounded at the West Virginia State Penitentiary here today when the two men attempted to escape. Earl Blankenship of Fairmont, serving a term for robbery, was shot and killed while attempting to throw a brick over the prison wall. Harry McCracken, Blankenship's companion in the plot, escaped into the cell house. He was shot in the shoulder when he resisted the guards. The convicts escaped from their cells with a key they made in the machine shop. They bunched and gagged two guards and locked them in a cell before obtaining the rope with which they hoped to scale the walls.

Stomach Disordered?

Take Haley's Magnesia-Oil—milk of magnesia and mineral oil combined.

There is a cause for disordered stomach. And that cause will most often be found in the lower bowel, the seat of most so-called "stomach trouble." Acids from fermenting, accumulating waste matter must be neutralized and waste matter eliminated. Two things are necessary—both are done at one time with Haley's Magnesia-Oil. The oil carries the magnesia straight to the lower bowel where it is needed. Acids are neutralized, clogged tracts are lubricated. Action is prompt but devoid of griping or distress.

Get bottles of Haley's Magnesia-Oil today. There is no only taste. If you mail receipt on receipt of price. Haley's Magnesia-Oil is a ship coming from Antwerp recently reported a mine off the Goodwin Lightship in the channel, and two others were reported near by the captain of a vessel sailing from Russia.

Haley's M-O
Just Milk of Magnesia
and Pure Mineral Oil

Pair Held in Check Case.

MOBERLY, Mo., Oct. 12.—Jack Harold Moore, alias Bob Shafer, and Ernestine Vancil, alias Mary Shafer, both giving their homes as three other cities mentioned, arrested here Saturday night on charges of forgery. They were arrested after they had cashed 13 worthless checks in Moberly Saturday night. Police said they had admitted "working" also in the three other cities mentioned.

It's Replacing Old Pens Thousands Per Day

The Never Failing, Never Ailing Duofold

Jewel-Smooth, 25-Year Point and Over-Size Ink Barrel

A New Creation of the New Age

To compete with the world on even terms—to feel the thrill of work done well and done on the spot—to keep your mind on your subject and off your pen—replace your old pen with this never failing, never ailing classic.

It's an asset to carry because it commands respect wherever its black-tipped lacquer-red barrel is seen. It's a pen that aids your hand to acquire the speed and character that win with the world.

A clean pen to handle because the Duo-Sieve Cap keeps it ink-tight in your pocket; and the "Lucky Curve" feed delivers the ink when you write with steady, sure-fire certainty.

Easy to fill because you need simply press the Burton that's capped inside the barrel where it can't mar the beauty or catch on the clothing.

Allowing to write with—symmetrical fit, balanced swing, jewel-smooth point—a pen that makes friends with your hand the moment you grasp it.

And yet, an economical pen to buy, for we guarantee the Duo-fold point, if not mistreated, for 25 years' WEAR. You would wear out several short-lived pens before this.

Any good pen counter will sell you this Parker creation on 30 days' approval. Step in and get it today.

INGROWN-NAIL Turns Right Out Itself

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it cannot penetrate the flesh, and the nail turns naturally outward almost overnight.

Get Rid Of Dandruff By Shampooing With

Cuticura Soap

At night lightly anoint the scalp, especially spots of dandruff and itching, with Cuticura Ointment. Next morning wash the hair with a soda of Cuticura Soap and hot water. This treatment does much for dandruff and itching scales, the cause of this and falling hair.

SKIN
CLEARED
PROMPTLY

GUARANTEED RELIEF

Ask your druggist for a jar of Mercirex Cream. Put it on as directed. Unless Mercirex relieves your eczema, pimples, acne, boils, blackheads, etc., it doesn't cost you one cent. Take the jar back and the druggist will refund your money! You won't mind using Mercirex. It's different from the ordinary greasy, smelly ointments. It disappears immediately you apply it. Leaves no trace—no stain—just a faint, pleasant perfume.

Don't suffer an unsightly skin another day. Buy Mercirex at your risk. It has relieved thousands. It will relieve you! At your druggist's—75 cents the jar. The L. D. Caulk Co., Milford, Del.

ADVERTISEMENT

COLDS THAT
DEVELOP INTO
PNEUMONIA

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germs.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga.

She Says:

"Am Thin"

Her Friends Say:

"She Is Skinny"

If she only knew that she could put on at least 5 pounds of good, healthy flesh in 30 days she wouldn't be worrying about her peaked face and run-down looks.

She has tried Cod Liver Oil, but the ill-smelling, nasty tasting stuff upset her stomach and made her feel worse than before.

Doctors and good pharmacists know that Cod Liver Oil is full of vitamins that build up the body, increase appetite, build up the blood, and drive away disease and chronic ailments.

But it's her taste that's the trouble. Fewer people are taking it for doctors are prescribing it and the people are fast learners that they can get better results with McCrory's Cod Liver Oil Tablets, which Wolff-Wilfong Co., Judge & Dolph Drug Stores, Inc., Druggists, Chicago, Ill., and Druggists all over the country are having a tremendous demand for.

It's a wonderful upbuilding medicine for children, especially after sickness, and sixty tablets only cost 60 cents.

One woman gained 10 pounds in 22 days and if any skinnier man or woman can't put on 5 pounds in 30 days, your druggist will gladly return the purchase price.

Get McCrory's, the original and genuine Cod Liver Oil Tablet.

Better Than Calomel

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquors or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquors. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "biliousness" and that bad feeling from constipation and a disordered liver. Dr. Edwards' Olive Tablets when you feel "miserable" and "tired" (The "Green" feeling) and "stuck up" the system. 10c and 20c.

SHENANDOAH TO
RESUME VOYAGE
EARLY TUESDAY

Airship Waits Over at San Diego on Repairs and Storm Beating Down From Alaska.

By the Associated Press. SAN DIEGO, Cal., Oct. 12.—Officers and men of the navy dirigible Shenandoah, which arrived here late Friday night, and which has prolonged its visit to allow repairs to a broken girder, a damaged rear gondola and some minor engine trouble, today are taking advantage of the changed flying schedule to get some much-needed rest. Lieutenant-Commander Lansdowne, commander of the Shenandoah, said the repair work was progressing rapidly and the ship was expected to be ready to resume her flight northward to Seattle tomorrow.

Seven-thirty o'clock tomorrow morning is set for the departure, according to an announcement by Rear Admiral William Moffett, chief of the Naval Bureau of Aeronautics, after conferring with Lieutenant-Commander Lansdowne.

Weather Bureau reports of a storm sweeping down from the Alaskan seaboard caused further postponement of the sailing, which previously had been set for daybreak today. The Admiral said he believed the stormy weather predicted would bring with it heavy rain and probably rain and in order to give as many cities as possible an opportunity to see the great airship the take-off has been delayed until Tuesday.

From North Island, where the Shenandoah is moored to her mast, the craft will follow the coast to a point south of Los Angeles, then swing inland and pass over that city. From this point onward the status of the weather will determine whether the Shenandoah will follow the coast or take the valley route. Lieutenant-Commander Lansdowne said.

Training Ground Crew. Two naval flyers will hop off for the north to superintend preparations for the landing at Camp Lewis. The two officers are Lieuts. R. H. Wyatt of the North Island naval air station and Lieut. Charles E. Rosenthal of the Shenandoah. Capt. Moriarty of the marine observation squadron, with Machine's Mate C. Kidder, will accompany Wyatt and Rosenthal in another plane. They will give the "ground crew" intensive training in mooring dirigibles in preparation for the arrival of the Shenandoah. Naval air officers point out that 10 well-trained men can handle the 650-foot craft with their bare hands. A "green" landing crew, it is said, might become excited at seeing the great bulk slowly descending upon them.

HAPPIEST AGE WORLD HAS
EVER KNOWN, SAYS DR. ELLIOT

Modern Youth, Free of Dogma, Does Not Believe in Creation in Garden of Eden.

CAMBRIDGE, Mass., Oct. 12.—The modern youth, in this, "the happiest age the world has ever known," does not believe in the creation in the Garden of Eden, according to Charles W. Elliot, president emeritus of Harvard University.

At a lecture on religious concepts yesterday, Dr. Elliot said: "I believe that the modern youth rejects most of the tenets, dogmas and beliefs of the past. He does not believe in the creation in the Garden of Eden, nor does he believe in the least in the total depravity of mankind as given in the ordinary evangelical creeds and dogmas. He has rejected those things. His mind is free from them."

"One of the most cheerful signs with regard to the progress of mankind is this tendency in youth to take a liberal, open-minded view of religion and its hopes and of their own hopes; to realize that this is the happiest age the world has ever known; to feel, as they grow up and go out into life, that this is the fairest field into which any generation has ever entered. The joy the modern youth has in the prospect of a happiness and power and influence which no other generation has possessed."

The old conflict between science and religion is disappearing both because the scientific methods approach those of theology and because mankind now appreciates that progress depends on the play of human imagination and of human thought, according to Dr. Elliot.

DECORATE GRAVE OF REYNOLDS

The grave of former Gov. John Reynolds of Illinois at Walnut Hill cemetery, Belleville, was decorated yesterday afternoon by the Kaskaskia Chapter of the United Daughters of 1812, in honor of Reynolds' death in the war at 1812. Reynolds was Governor of Illinois from 1830 to 1834. Addresses were made by Mrs. Charles E. Davidson of Greenville, Ill., president of Kaskaskia Chapter; J. Nick Perrin of Belleville, Ill., president of the American Legion of Illinois; and W. A. Kelsoe of St. Louis.

NEW CHANNEL SERVICE PLANE
It Will Be Largest Single-Engine
Passenger Craft Ever Built.
LONDON, Sept. 26.—The largest

single-engine passenger-carrying airplane ever built will shortly be put into service between England and the continent.

The air screw will be nearly 16 feet long and the plane has adjustable wing flaps, which help to reduce the landing speed and add to

the safety of the plane. The cruising speed will be about 105 m.p.h. an hour, and the plane will carry 14 passengers.

A PRINCESS AT PRAYER

NEW FEAT IN AERONAUTICS

WHERE WORLD FLYERS COMPLETED FLIGHT

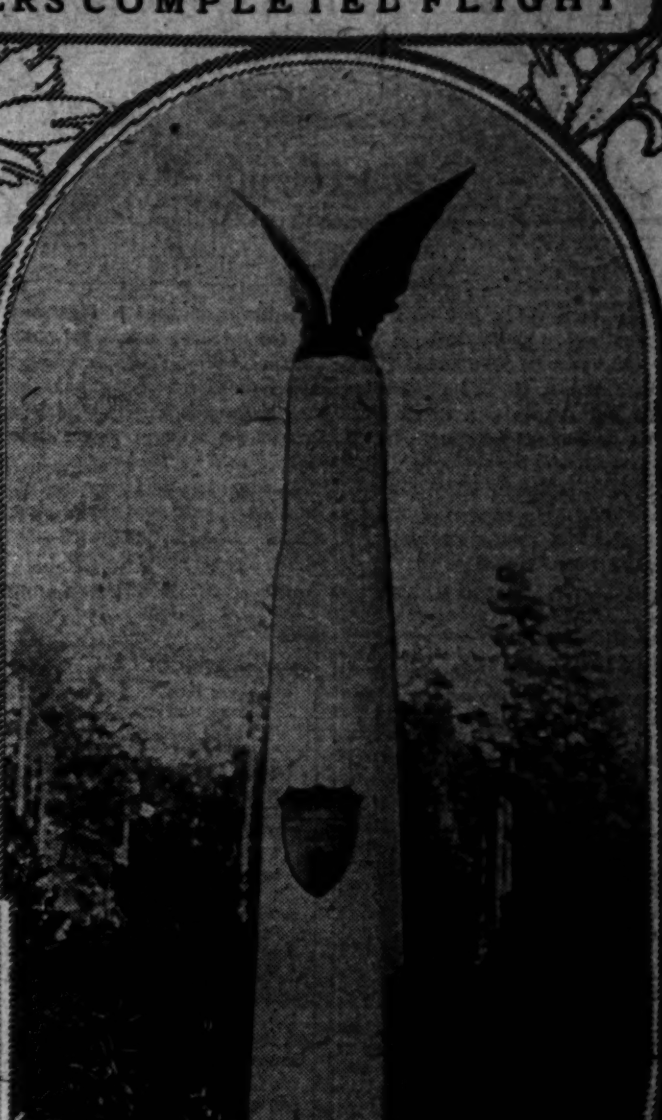

Princess Marie, only daughter of the Belgian rulers, has long been known for her piety, even to her voicing her intentions of becoming a nun. Here she is seen at church services in Brussels.

HIGH ABOVE THE BATTLEFIELDS

At the Dayton International Air Races, a Sperry messenger plane, the smallest in existence, was taken up by a huge blimp. TC-5. At a 1000-foot altitude the plane was shoved off and the motor started on its own power. After circling around for a few times, it returned to the blimp, still aloft.

The monument which was just unveiled at Sandpoint Field, Seattle, to mark the place where the American round-the-world flyers completed their flight.

"QUEEN OF ARKANSAS"

Miss Fannie Lupkin of Helena, Ark., Queen of the Arkansas State Fair, at Little Rock, wearing her robes of state and surrounded by her maids of honor, following her official coronation by Governor McRae.

Monument recently erected on the site of the Navarin Farm in France, one of the figures of which is the face of Quentin Roosevelt.

WHAT'S WHAT IN PARIS FASHIONS

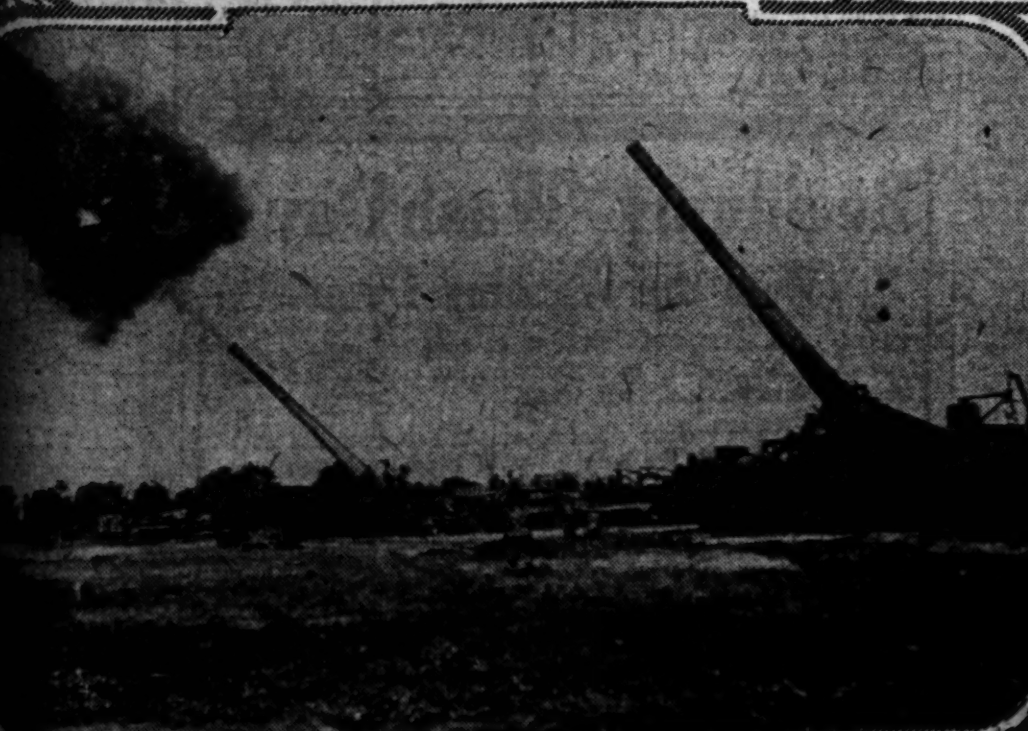

Paul Poiret arrives in London with his mannequins for a private salon of the styles, directed by him in person.

LETTING GO 2340 POUNDS

AMERICAN DESTROYERS ON JOB IN CHINA

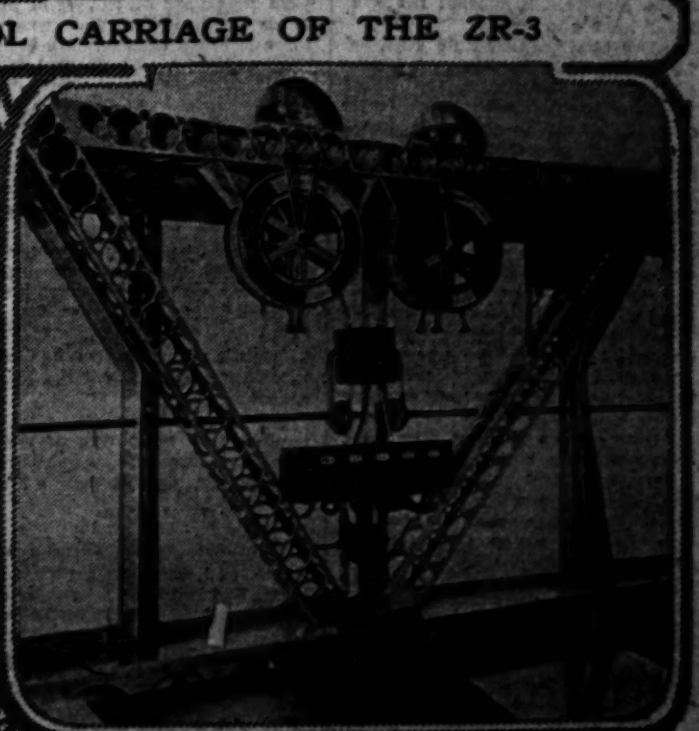

CONTROL CARRIAGE OF THE ZR-3

4-inch gun used for Uncle Sam's coast defense, firing 2340 pounds of steel during the sixth annual meeting of the Army Ordnance Association at the Army Proving Grounds at Aberdeen, Md.

The United States destroyer Borie, lying directly off the Bund, Shanghai's main business street. There are 15 destroyers from the United States in the harbor.

The apparatus with which the flight of the gas dirigible will be directed on the flight from Germany to the United States.

Ring Lardner's Monday Letter

"Cable Tennis"
Would Save
Lot of
Good Money.

Olympic Games
Could Be
Played
Same Way.

Dear editor:

HERE is a idea that was suggested by my 2d. son Jimmie as he was sitting at some meal the other day after the tennis boys played for the east and west championship. I made the remark that Vincent Richards had beat Bill Johnston in straight sets and he says where was the matches played and I says right here on Long Island and he says well was he here on Long Island yesterday.

So I gave him a sarcastic answer, namely, Oh no, he was out in San Francisco and they played by telegraph like they play the international chess matches sometimes. So then I had to explain to him about the international chess matches that is sometimes played by cable and he says why don't they play the international golf matches and tennis matches and etc. by cable instead of them all taking the trouble to make the trips back and forth.

So I thought it over a long while and come to the conclusion that maybe after all he was right and why should people cross the ocean just for a friendly game that they don't get no money out of it and we will take for lost the Australian tennis team who I have nicknamed the amuses and it must cost them a mint of money to come here from clear over there and what does it get them outside of the exercise which they could just as well do had over there and not take no chances of being seasick and I don't know how much it costs to get there from Australia, but it certainly would not cost no-where near as much as if they played by cable.

For example suppose Tilden was playing Gerald Patterson and it happened to be Tilden's first serve, why he would cable to Patterson that he had got his first service over and it was a terrific hard hit ball and what are you going to do about it, why Patterson would cable back, it did not look so hard hit to me. I returned it way in to the upper corner of the court on your back-hand where it was pretty near impossible for you to get it. Then Tilden would reply well I did get it on my back-hand and as you was close up to the net, I made a passing shot which you couldn't possibly get. Then Patterson would reply, it may or seemed to you like I couldn't possibly get it, but as a matter of fact I did get it by a phenomenal stab and I returned it where you couldn't get it in a week.

Then Tilden would wait a while and send back the following answer: It ain't only five days since your last shot came back and I managed to get hold of it and lob it over your head to pretty close to the base line where I doubt if you could get your racket on it unless you used a airship.

Electrical Bridge.

Patterson's reply would be, I

The Man on the Sandbox

by
L. C. Ransom

MOTHER GOOSE SPEAKING

JACKIE COOGAN went to Rome.

Based upon St. Peter's dome; Soon he will be coming home. Little Jackie Coogan. Jackie Coogan hates to grow. For he'll lose a lot of dough in the moving picture show. Little Jackie Coogan.

Isn't it a mortal shame. In the moving picture game. That the march of time should claim Little Jackie Coogan?

At the age of twenty he May be six feet two or three. Wonder if he'll always be Little Jackie Coogan.

"Ev Was Poisoned by Wood Alcohol."

Must have picked up a splinter.

The Queen of the Velled Prophet's ball's bouquet. If you gather what we mean, was valued at \$2000. Yes, ba, say it with flowers!

When it comes to saying it with archaic, brevity is the soul of wit as the feller says.

See where the Coliseum was over-looked by the crowd at the V. F. hall. Such is the trend of the times. Over-taxation to the watch-word.

Secretary Mellon has filed a protest against an increase of \$100 in

his taxes by the Borough of Brooklyn, N. J. Indicating that the Borough of Brooklyn doesn't recognize the profession.

The man on the sandbox says it doesn't necessarily follow that a man is a nut because he bolts his party.

The man on the sandbox says Muddy Ruel is every inch a ball-player.

It would be pretty hard to pull off a world's series without at least one St. Louis player in it.

We might win a few pennants ourselves if we'd devote our energies to the development of home talent.

"Republicans Raising \$5,000,000 to Buy Doubtful States."

"Coolidge Optimistic Despite Scarcity of Campaign Funds."

So that, as the feller says, is that.

YOUTH WILL BE SERVED.

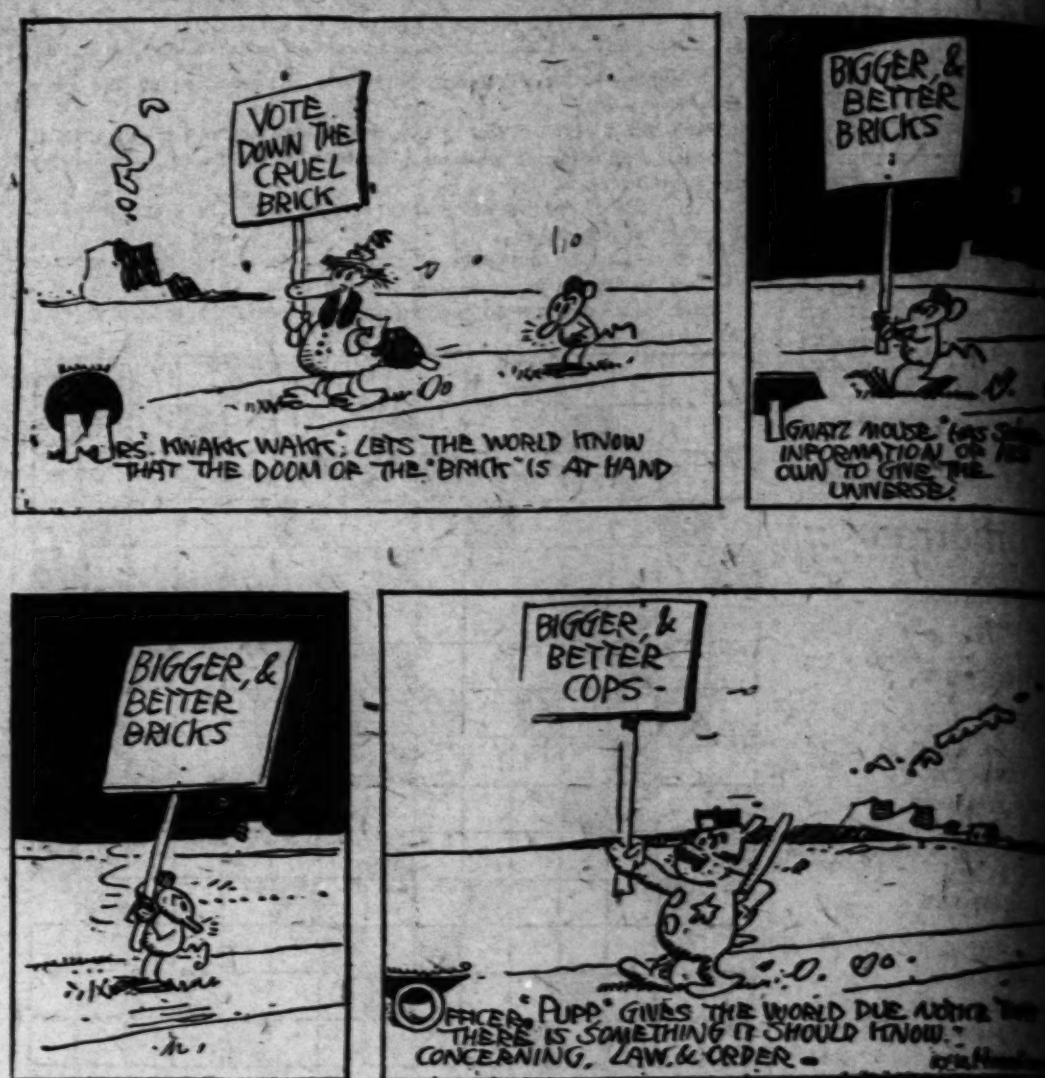

Young Lindstrom, who was born about the time Walter Johnson started his major league career, got four straight hits off the old boy in one game. The kids these days have no respect for their elders.

Al Smith says he has recovered from his recent attack of rheumatism and is taking his medicine. Taking his medicine is one of the smartest things Al does.

Big Air Liner Sends Mes-
sage She Will Arrive at
Lakeland Tomorrow
Forenoon.

By The Associated Press.
AIRDROME, Lakeland, N. J.,
Oct. 14.—A radiogram saying,
"Will arrive Wednesday forenoon,"
was received at the naval station
here at 4:25 p. m. today from the
ZR-3.

By The Associated Press.
CHATHAM, Mass., Oct. 14.—The
ZR-3, abt. 1200 miles off the
coast, was caught in a thick fog
today, her operator reported in
messages picked up at a station
of the Radio Corp. station at
Lakeland here. The ZR-3 asked
radio compass bearings from navy
stations in order to verify its po-
sition.

By The Associated Press.
NEW YORK, Oct. 14.—The
ZR-3 has turned into the northern
channel on account of reports
of bad weather over the southern
route, according to a radiogram
received at 3:30 o'clock this after-
noon from Commander Hugo
Buckner of the airship. The wire-
man said:

"On account of latest weather
reports, we have changed our
course more towards the north
and are making 70 miles an hour,
in the direction of Cape Race. Ship
and motors are in good order."

By The Associated Press.
NEW YORK, Oct. 14.—Over-
coming a weather handicap which
threatened to delay her transat-
lantic passage, the dirigible ZR-3,
departing from Friedrichshafen to
Lakeland, was speeding along the
coast air lane toward the New Jer-
sey coast at noon today at the rate
of 75 miles an hour. At that time
she was approximately 1200 miles
from her destination. Mainte-
nance of the same speed, which is
not expected, would bring her to
Lakeland early tomorrow. Early
today the motor was stopped to
conserve fuel.

Before dawn today the message
from the big Zeppelin-ship craft
indicated she was driving along
the North American coast at
approximately 45 miles
an hour. At 8 a. m. Eastern
standard time, however, she ap-
parently was encountering weather
troubles in the shape of a strong
northwest wind, which was hold-
ing her up seriously, the rate of
her progress having dropped to no
more than 25 miles an hour, with
the engine cut out. She was then
approximately 1500 miles from
Lakeland and almost due east of
that point.

Within a brief period, however,
the giant dirigible seems to have
shaken off the blow, or possibly
to have found a favoring current.
In the next three hours she had
regained some 200 miles and was
traveling at a 75-mile-an-hour
pace. She had worked slightly to
the north of her former position.
The still was not in any marked
degree out of the air-line course
for her goal.

By The Associated Press.
CHATHAM, Mass., Oct. 14.—
The ZR-3 gave her position as
latitude 40 degrees 25 minutes
north longitude 64 degrees west.
A message sent to the wireless
station of the Radio Corporation
of America here this morning at
10 Eastern Standard time. She
reported that she was passing
the steamship Collingworth,
crew were reported as "all
right."

The first message from the
dirigible on Page 3, Column 5.
